PATRICIAN'S FINE RACE.

PRESIDENT DWYER'S COLT TOOK THE RAYSHORE STAKES.

Paraday Was Favorite in the Betting, but He Has Had Too Much of It, and Needs a Rest The Talent Won Well on the Day, Antipode, Peacemaker, Lady Violet, Cromwell, and Second Attempt All Being Heavily Played Notes of the Turf.

It was a typical autumn day at Gravesend yesterday, and more than 6,500 persons came to the course of the Brooklyn Jockey Club to see a good programme decided. The feature of the eard was the Bay Shore Stakes, for three-yearsids and upward, which was won by P. J. Dwyer's good three-year-old Patrician, the son of St. Blaise having in his wake such handicap material as Candelabra, Faraday, and Victor rious, and running the mile and a sixteenth in 1:48. The winner was at the false price of 8 to 1 in the betting, and Matty Corbett and other close observers won heavily on the race,

There was a strong tip out on Faraday, Harry Ray, who was in the saddle, being credited with having more control over the gray horse than anybody else. Doggett was confident Candelabra ld wear down the others in the stretch, and Ma Victorious had beaten a good field on his last certainty that makes betting lively. Faraday to 1, with Victorious at 16 to 5, and Candelabra and Tom Skidmore equally fancied at Copyright was a starter, his owner and trainer, M. J. Daly, of course having the privilege of starting any horse engaged before his trouble with the Jockey Club authorities over the poor showing of the gelding St. Michael at Sheepshead Bay. Victorious and Patrician made the running from the start, with Faraday and Copyright close up and Candelabra trailing until the old club bouse was reached. Then Doggett sent Pittsburgh Phil's good horse up on the outside, and rounding the upper turn Victorious, Patrician, and Candelabra were lapped on each other and all apparently in hand. Those in the ruck were beaten, and no danger was to be looked for from that quarter. To the surprise of the onlookers, Victorious gave it up the instant Reagan called m him, and Patrician drawing right out, the posuit of the race was never in doubt, the threeyear-old winning eleverly by a good length and half in the fast time of 1:48. Candelabra beat the others quite as easily, Faraday finishing third and Victorious fourth. Simus's poor riding of Patrician the day he was beaten by Dutch Skater and Sir Excess threw many per

sons out of line on the Dwyer candidate. On that occasion he was choked until he had fittle run left in him, and, to mend marters, and the control of the modern and the had fittle run left in him, and, to mend marters, and the part has held too much of it, and leftaries has shown by his winning races that he likes to come from the ruck in the homestretch. Pittsburgh Phil had about \$5,000 on Candelabra, all of the money being played straight at an average price of about \$45 to 1.

The talent scored in the opening event, playing the Ramapo Stable's filly Antipode very heavily, Griffin having the mount on the sister of the parter of the property of the will be straight at an average price of about \$45 to 1.

Inter Orean, the giant brother to Reporter, in McCafferty & Wishard's string, but most of the money went on Antipode and Dungannon, the latter a half brother to Sport. Ericason and Antipode were out in front for three furlongs. The filly then shook herself clear of the colt and had matters her own way until challenged by Dungannon. It was lisalard against Griffin Landing, antipode first by half a length. So foster was a fair third. Handover, a brother to Hanover, owned by P. J. Dwyer, was fourth at the end, but pulled up very lame.

Peacemaker was favorite for the second race, but the comfortable odds of '2 to I could be had against the lanky three-year-old. There was a long delay at the post. Sam Bryant gave a displayed of the hards of the horse's heels, and the Colonel told him to '6 oo n' right away from hyah.' Redakin and Jack Rose were ugly at the post, too, and more than twenty minutes passed before the flag fell to a good start. Ferries passed to for the front in the early stages of the race, but he closed up rapidly in the homestretch and beat Soundnore a head for third money. Sam Bryant was beaten a furlong, and why he was started at all its a mystery. Hallstone was considered much superior to the common the was uncertain in the fourth race, and won a good race for Mr. A. F. Repper. Gromwell, and Owle

Sam Bryant would be an attraction at Maspoth.

Among the many sensational St. Legers on record that of 1819 still furnishes an annual topic among horsemen assembled at Joneaster for the classic event. A few days before the race Suitan, the favorite, broke down, and there was a wild stampede of backers to the surrounding towns anxious to hedge before the news spread. When the other flyers were lined up for the big race Sir Walter, Agricula, Bronti, Wild Boy, and Harmodius were left at the post. Annual finished first, with Walton second, and Archibald third. The stewards declared the break a false start, and ordered the race to be run again. Antonio's owner refused to send his colt a second time, and Sir Walter won, while the of her placings resulted as before. Feeling ran so high between the Antonio and Sir Walter backers that a free fight ensued, which was only quelled when the stewards decided to refer the case to the Jockey Club. The latter body decided in favor of Antonio, and censured the stewards for allowing a second race.

The hero of the 1840 St. Leger was Sir Tatton Sykes, whose name was changed from Tibthorpe after he had won the Two Thousand Guilneas.

after he had won the Two Thousand Guineas. Bill Scott, the trainer and rider of the colt, had such an inenviable reputation for high living that 100 to 3 was offered against Sir Tatton Sykes for the Derby. Socit arrived at the post in a muddled condition and promptly picked a quarrel with the starter. The latter left Scott, who got away fifty lengths behind his field. The colt was so good, however. that he ran a close second to byrrhus the First.

The owners then decided on extreme measures and gave Scott a more rigorous training than the colt. Both were got to the post for the St. Leger in excellent trim, and they salied home in front amid wild enthusiasm. It was thus Bill Scott landed the last of his many St. Leger victories. The erratic old jockey was not so fortunate the year he tode Cotherstone, on whom he had previously won the Guineas and Derby. The stable also had Prize Fighter entered, and believed he could manage to win at a fancy price. The good thing was done with in the stretch, and Scott tried to come on and win with Cotherstone. He looked like succeeding until the last stride, when Job Marson squeezed Nutwith in front and won by a nose. PATRONAGE'S GREAT DAUGHTER TROTS A MILE IN 2:04.

TERRE HAUTE, Sept. 12. Alix is indeed queen f the trotting turt, traided by McDowell she started at 5:30 o'clock this afternoon for a purse of \$5,000, to beat the mark of 2:04 made on the Terre Haute track by Nancy Hanks in Septemthought the little mare was in fine condition for the supreme struggle to-day, and her mile in 2:04, while it did not beat the world's trotting record, tied it and reduced her own mark from 2:04% Her slow first quarter, which was in 32 se

onds, was due, McHowell says, to the fact that the mare shied at the first turn at some dirt the acraper had left on the track. The slow first quarter as it was clicked led many to believe it would be a slow mile, and this was heightened when it was found to be 1:03% at the half, but from there on Alix came home with a marvel lous burst of speed, trotting the last half of the mile in 1:00%.

McDowell encouraged her from the half home especially on the last quarter. When the time was hing out there was much enthusiasm, and both the mare and her driver and Mr. Salisbury were applauded.

McDowell said the mare would have certainly be ten 2:04 had she not scared at the first turn, Starter Loper announced from the stand that so confident were they that this could be done on another trial that Alix would go again on Friday, the same day that Robert J. starts to best 2:02%. Alix's quarters to-day were 0:32, 1:03%, 1:33, and 2:04.

Carbonate, owned by the Dubois Bros, of Denver, started to beat the world's two-year-old pacing recard of 2:10%, held by Directly, the black son of Direct, and succeeded in doing it. pacing the mile in 7:10. The colt was driven by Jack Curry. Expressive, Salisbury's great Electioneer filly, won the 2:16 trot after Gertrude, the Doble mare, had taken the first two heats, and Expressive, in so doing, trotted the fastest fourth heat (2:12)4) ever gone by a three-year-old, which was also the fastest heat gone by any three-year-old this year. Expressive is truly a stayer, and Salisbury evidently knew a thing or two when he Isbury evidently knew a thing or two when he shipped her here from Fleetwood. She appears to need about three or four least to get thoroughly warmed up. She started a hot favorite, but quickly sold below tiertrude after the first heat. Rex Americus, the Village Farm entry, and Margrave, who were fancied by some, were never in the race. The unfinished 2:11 pace was won by Kissel's Dallas, after much splitting of heats. The eccentric Rowdy Joe, with a heat to his credit, got the flag. The 2:17 pace was routinued over till to-morrow. The heats were split between Gazette, Red Wing, and Tommy Brown, the fifth heat being so close between Gazette and Tommy Brown that the judges decided it a dead heat. The fast Monbara was distanced the first heat, being out of condition and acting badiy. To-morrow the great free-for-all pace occurs between Joe Patchen, Hal Braden, John R. Gentry, Rubepstein, Mascott, Reflector, Flying Gentry, Rubenstein, Mascott, Reflector, Flying Jib, and Doc Sperry. Summaries:

AN EASY VICTORY FOR J. M. D. The Other Races at Point Breeze Were

PRILADELPHIA, Sept. 12.-Though the fields were small in all three classes at the Point Breeze Park meeting this afternoon, two of Park Davis, a Princeton man, will take enarge or the candidates for the remainder of the season. Many good new men are out, and Amherst's hopes are bigh thing of the week, as there was not a thing that approached the form J. M. D. had shown earlier approached in the Grand Circuit. Turner had transferred J. M. D. to Golden in time for Happy Lady to start against him, and the pair gathered in first

and second money.

There seemed to be no reason why Raven could not repeat her performance at Fleetwood when she defeated Whisper and a good field, so that she sold at \$75, with Whisper worth \$25 and the rest at \$17. After H. J. Rockwell had set the pace to the half in the first heat Raven passed him and stalled off Whisper's challenge from the distance. The mile was only in 2:145; and it was 5 to 1 on the black mare before the second heat. Nelly F. made the clip faster to the three-quarters in this mile, and then Whisper rushed up with a spurt that carried her home a short length ahead in 2:12. Golden had clearly outgeneralled the Pittsburgh driver behind the favorite, but his mare was lame and could not

outgeneralieu the Pittaburgh driver behind the favorite, but his mare was lame and could not repeat the trick. Raven had a clear lead to the wire in the third heat, but having varied from the position she took at the head of the stretch, the judges announced that she was punished for this by being placed last. This gave the heat to Whisper, and no one was more surprised than Golden, who said he had seen no interference. It was Nelly F. that Haven had carried out, but her driver had not complained, and the decision, while well meant, was scarcely justified.

Haven came home in the same way for the next heat, and Collins, who was called to the stand, said his mare always swerved from the pole, and she was piaced as she finished this time. The Dade had taken up the battle in this mile, as Whisper had enough of it, but all Shillinglaw's diligence was unavalling against the superior speed and stamins of Raven.

Those who plunged on Limonero at 25 to 7 over the rest of the three-year-olds were alarmed when Hilds S. captured the first heat in 2:194, and promptly hedged on the filly. She got away wrong foot foremet in the second heat, and Scattergood, who was driving Hilds S. laid her up after size regained her striag. This gave Limonero a feest young mare beat him in 2:22. Limonero was clearly off, but Hilds S. failed to take further styring mare beat him in 2:22. Guy, who was entered for the free-for-ali pace, will not start, as he was in a railway accident coming from New York, the effects of which will probably keep him off the turf for the balance of the season. ESRIMO WAS A SLREPBR. The Game Five-year-old Won the Mudson

Birer Stake, The fields were smaller at the New York State Breeders' meeting yesterday, but the two trot-ting races on the card resulted in sport of the same spirited character as that which marked the opening day of the meeting now in progress at Fleetwood Park. Genuine enthusiasm was aroused by the close finishes in the 2:25 class race and by the unexpectedly fast trotting of the five-year-old stallton Eskimo in the Hudson liver Stock Farm Purse for 3:00 horses. Eskimo was quite overlooked by the players

the backed John Goldsmith's California mar-

Venita Wilker at odds on against the field, and for two heats the green one made but a very in-different showing. He finished third to the in the opening heat, and in the second round, his narness getting out of adjustment, he barely missed being flagged out of the race by the distance indge. Venita Wilker had wor with such a show of speed in reserve in the first two heats that she was a problibitive favorite before the start for the third heat, and the race looked to be a sure thing for the round-turned Californian. This time, however, Eskimo got away in good style, and trotting fast to the half and up the nill he chased Goldsmith's mare slong in the lead at a strong 2:18 clip. Ngarthethree-quarter pole Venits made one of her characteristic breaks. She did not turn round and go the other way, but she danced up and down until Goldsmith was forced to bring her literally to a standstill and start up on a walk before she would strike her gait again. By the time she did so Eskimo was again. By the time she did so Eskimo was almost to the wire, and Fox, seeing an opportunity to distance the favorite, kept on driving the leader until the flag fell in front of Venita Wilkes. The distancing of the favorite created something of a sensation among the spectators and horsemen, but the greater surprise was manifested when the time of the heat was amounted as 2:132, This is remarkable speed for a 3:00 class race, but Eskimo is a ceruarkable voting horse. He moved the last half of this mile in 1:00, a clip that not many 2:13 irotters are able to maintain up the famous Fleetwood bill. After Venita Wilker's incomminious downfall Eskimo went on and won with the utmost ease from the Albany mare Many Karr, who alone remained to finish the race after the distance flag fell in the fast heat trotted by the stallion. The winner is a horse of rare good breeding, his sire being the champion two-mile stallion Greenlander, 4:32, and his dam Pitti Sing, a full sister to Sulsan, 2:184, by Electioneer. Eskimo's record when he started at Fleetwood yesterday was 2:335. He was bred by Anguetus Sharpe of Lonisville, Ky. John Madden is said to have offered \$2,700 for him as a wealing, without securing the coil, and as a yearling he was sold to Walter Cutting of Pittsfield, Mass. When Mr. Cutting sold his horses in New York last winter Eskimo, then in bad condition and bilind of an eye, brought only \$400, his purchaser being John H. Billon of New Haven, who still owns the speedy stallion. After Venita Wilkes had been shut out of the race Goldsmith drove the mare a working-out mile in 2:1.

There was nothing to start against Clayhontas in the 2:35 class, pacing, and the crack four-year-old went through the formality of walking over for the purse.

Humbug should have won the 2:25 class race in three consecutive heats according to the belief of nearly all horsemen who witnessed the race. The speedy little gray fellow was an even-money favorite on the strength of the two winning races he had trotted out in Michigan within a fe almost to the wire, and Fox, seeing an oppor funity to distance the favorite, kept on

Jim Butler, the Philadelphia colored middle weight, has issued a challenge to fight any man, scaling his weight, in the country for a pure. Butler has an idea that he can whip Billy McCarthy of Australia. Butler says he will fight him for a side wager at 150 pounds. pounds.

Young Griffo and John L. Sullivan are great chums.
It is very seldom that the ex-champion takes to a
foreigner, owing to his natural dislike for time. Sullivan thinks the world. of the Australian, and says he
is the greatest little man he ever met. Griffo, it is said,
will probably travel with Sullivan on the road. Jim Lavelle's mission to betroit last week with his favored protegs, George Siddons, came to naught. Siddons was to have met a local man there, but owing to the forest fires in the West Jim and Siddons were delayed and the fight was called off, Siddons is still at betroit, and he expects to bring the fight satisfactorily about pretty soon.

"Australian Billy." Murphy has another grievance. In a letter to The Sux he says: "I see that Lavigne and Marshall are to fight for the heavy-weight championahip. What a bisurdity! Where does Marshall come in as a champion i'd like to know? Let him redeem his defeat by me before he blows his trumpet. I knocked him out in one round at Contello's Hall, Melbourne, Australia. I think it's rather mean of the Sea Side A. C., as they promised me the first opening. I'm sure Tom O'Rourke is afraid of me. He and his man, Dixon, always sieer clear of me. There are only two genuine feather-weight champions in the world, namely. Ike Weir and myself.

Wettergreen came within two fifths of a second of beating the world's record for any class. Sims of Washington went from scratch in 2:10 2-5, the world's record being :10 1-5. Davison, the Canadian, was buried i the bunch.

The West won four of the six first prizes in Class B. Sanger is the favorite in the betting for to-morrow's one-mile international race, and Johnson is an S to 5 shot. Tyler will not be a ompetitor.

Last evening the racing men concerned in the Minneapolis business met Chairman Raymond, and were given to understand that the Harring Board would decide that the racing men were in the right, and would hereafter refuse sanctions to the Minneapolis Track Association. The races to-day started at 2:30 o'clock this

Tyler, scratch, and Taylor ten yards, did not race in the half mile handicap, Class B. Sanger was at scratch. Bald went away like a shot from a gun. Sanger was slow n getting after him. The field was bunched at the quarter. Bald started to go around on the sitside, while Sanger went through the centre. Neither was in time to catch young Ray Ma-Donald, who came out grandly at the turn and gained a good lead. Warren and Cooper fought

Sanger had no time to go to his dressing room before the one-mile open race was called. This was a sensational contest. Arnold and titithens were placed up to pace. Lumsden flew past the pacemakers and gained first position, MacDonald, Bald, Sanger, Taylor, Tyler, Taxis, Titus and J. S. Johnson coming next. Sanger was forced back, and a number of men falling out, he was left several lengths back as the sprint started. Bliss never failored. He sprinted gamely and caught Titus 100 yards from home. He beat the Riverside wheelman a length. Coleman lost the third place to McDuffee at the tape.

Man lost the third partial tape.

Wettergreen had the half-mile Class A race well in hand, when Williams of Waltham started through the bunch. His way was clear, and Wettergreen was beaten by a small fraction. Heyer of Hartford came down the centra in a sensational aprint, and lost first place by only six inches. six inches.

Charley Murphy was slow, his time being 2:16-1-5.

Raymond MacDonald took his second victory of the day in the two-mile 5:00 class. Again Githens and Arnold paced. When Githens tried a runaway Callahan gave chase and caught him at the half. Coleman and MacDonald shifted around the leaders, and when Coleman jumped at the quarter MacDonald was quickly after him. The two had a great battle down the stretch, and the New York boy beat Coleman a length. Taylor was only six inches back.

W. F. Sims of Washington and Harley Davison, the Canadian, started on scratch in the one-mile handicap, class A. Both rode finely. When Davison was going up grandly on the bunch he was caught in the centre. Sims went around the rear and into the centre. He massed through.

The handicap race of the day was the one-mile, class B, with Sanger, Bliss, and Johnson on scratch. Cabanne, who was following Hliss, Sanger, and Tyler, struck his pedal on the pole and landed heavily. He quickly mounted, and the crowd cheered him.
